Arrangements:

- ◆ Grades 1 to 5 are taken as online exams, which you can do on your own computer or device in your own home. The exam is available at any time, but you have to take it within 28 days of the entry being made.
- ◆ Your computer or device will need a camera, and if you are under the age of 18, a “responsible adult” will need to be in the room at the start of the exam. You will need to pan the camera around the room to show that you do not have any resources that may help you. Any piano keyboards must be covered over. You are allowed rough paper, but you will have to show this to the camera before the start of the exam.
- ◆ Grades 6 to 8 are paper-based exams, taken in the traditional way, and three dates per year are allocated for these exams.
